## WORDS FROM THE CHAIR

Careers are always on the minds of students, and rightfully so. How their coursework and their extra-curricular activities in the Department of Communication, and more broadly at the UW, will ultimately help them to achieve professional goals is something they keep in focus during their time with us.

With this in mind, we created a [Career Kickstart](#) initiative several years ago to provide professional development opportunities for students. Through Career Kickstart programming we provide resume workshops, interviewing opportunities, job shadow experiences, and more. Five years ago we added what has now become one of our signature student experiences: Career Exploration trips that enable students to meet off-campus with alumni in communication industries ...
